- We will collect your filled pail and replace it with a clean and sanitized pail weekly.
- Let us know if we need to contact your building manager to obtain permissions and provide their contact information in the "Additional Notes" section on your sign-up form and will work with your building manager if necessary.
- Once you are fully-enrolled, we will send you a designated collection day and designated drop off location (in or outside of your building) within a week.

2. Members need to place the pail at the designated location by 7 AM on your scheduled exchange day.

- Our drivers operate between the hours of 7 AM to 6 PM. We can not guarantee a specific service time that our drivers will arrive and we are not able to return if your pail is not put out when they arrive.
- If you miss your pail exchange window, it will be collected and exchanged during your next regularly scheduled collection day.
- Pail exchange days that occur on federal holidays will take place the following business day.
- There may be other circumstances (bad weather, unforeseen traffic, or other incidental delay) when we are unable to collect. Our policy is to stop by the following day to handle your collection.
- In the rare case that your collection is delayed for more than one day without notification from us, please email us!

3. Members agree to keep contaminants out of the collection pails.

- After sign-up we will provide educational materials which include a detailed list of materials that can and can not put in the pail.
